

31 January 2004

Had a nice email from Simon Rammelt who had recently bought number 31.

He writes:

I have now bought Mini Nimbus HS7 No.31. The Mini was bought from Millicent in South Australia and I towed it by road 2,800 km to Gympie in Queensland. It's first owner who I am in contact with flew it competitively and won an Australian 15 meter national title with it. He also held a national record 842 Km distance around a triangle.
